The Terrace Concept is designed to transform any outdoor area into a multifaceted space that will have everyone whispering "Meet me on the terrace..."

The hospitality industry is all about creating a mood, a setting where unforgettable experiences will keep customers coming back for more. The Terrace Concept lets you do just that with modular cabanas that can be configured to any space, large or small. Seating capacity is increased and customers are immersed in a distinctive urban vibe, an intimate relaxing ambiance or an upscale celebration under an open sky. Once closed, the individual roofs offer complete protection from the sun, wind, rain or cold, extending the terrace season to its fullest.

Take home the Terrace Concept for side-by-side dining and lounging, in the sun or in the shade, by the pool or overlooking the lake. It's a perfect solution for outdoor entertaining.

TERRACE CONCEPT /

/ UNIQUE FEATURES

- Each structure is equipped with its own retractable roof with easy locking device and manual lever handle.
